

## Fines and Fees Policy

### Policy Statement

A public library exists to serve the community and is based on the concept of sharing resources. When one person violates that principle by retaining materials beyond the established limits, that person takes unfair advantage of the community as a whole. Customers are encouraged to follow lending loan periods and return materials on time. MPL agrees with the American Library Association policy statement that the “imposition of monetary library fines creates a barrier to the provision of library and information services.” (“Resolution on Monetary Library Fines as a Form of Social Inequity,” adopted by ALA Council January 28, 2019.)
